An app built for Microsoft Teams...

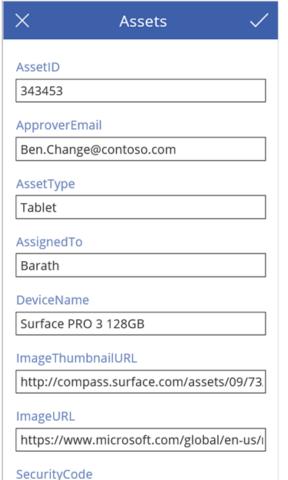

An app built for Microsoft Teams...

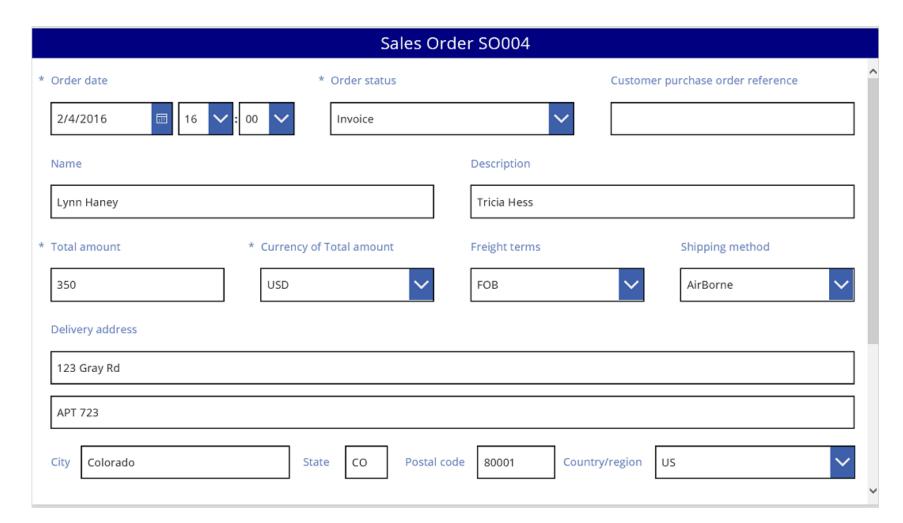

# Why care about native-looking apps?

Increase adoption

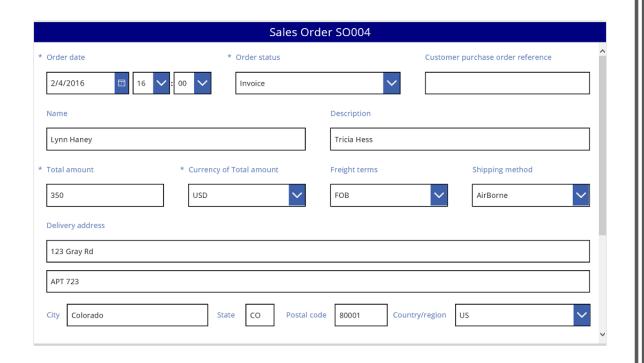

Increase security

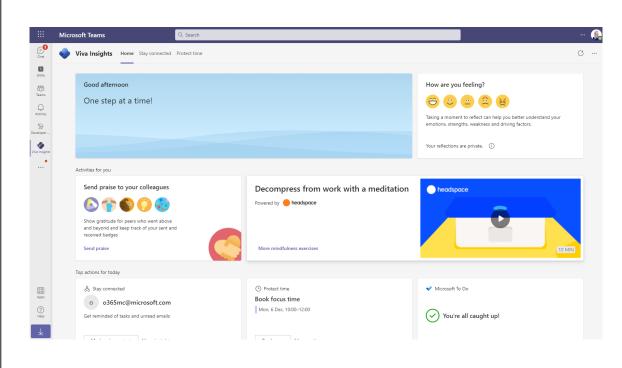

Make your colleagues happy

"Ul design is successful when people want to use it"

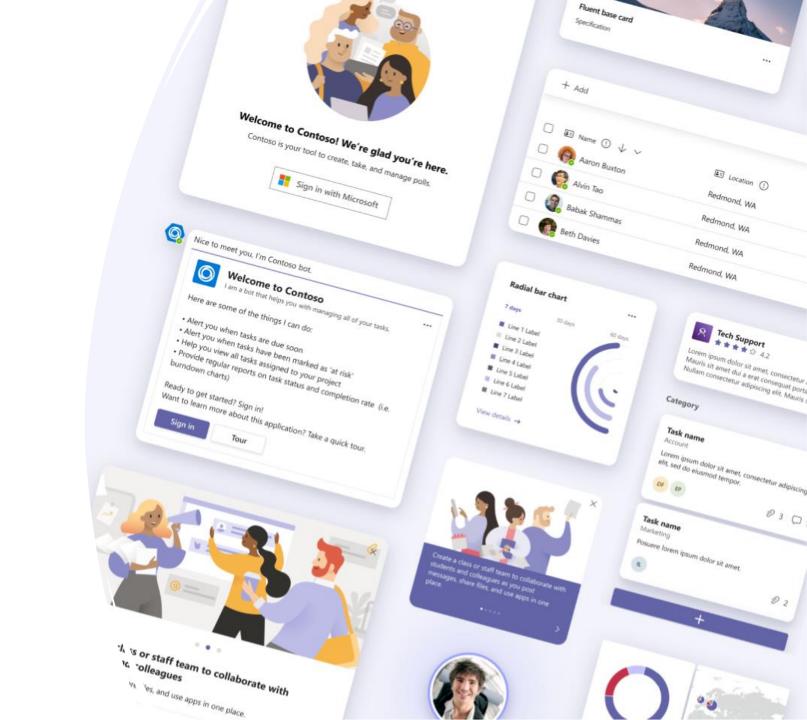

## How to get from A to B?

### Agenda

- Teams UI Toolkit
- Demo
- Resources

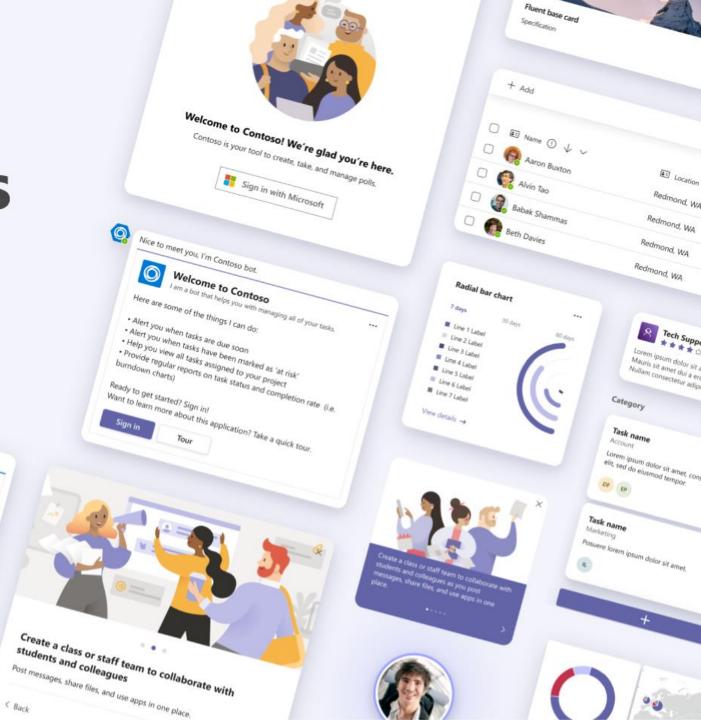

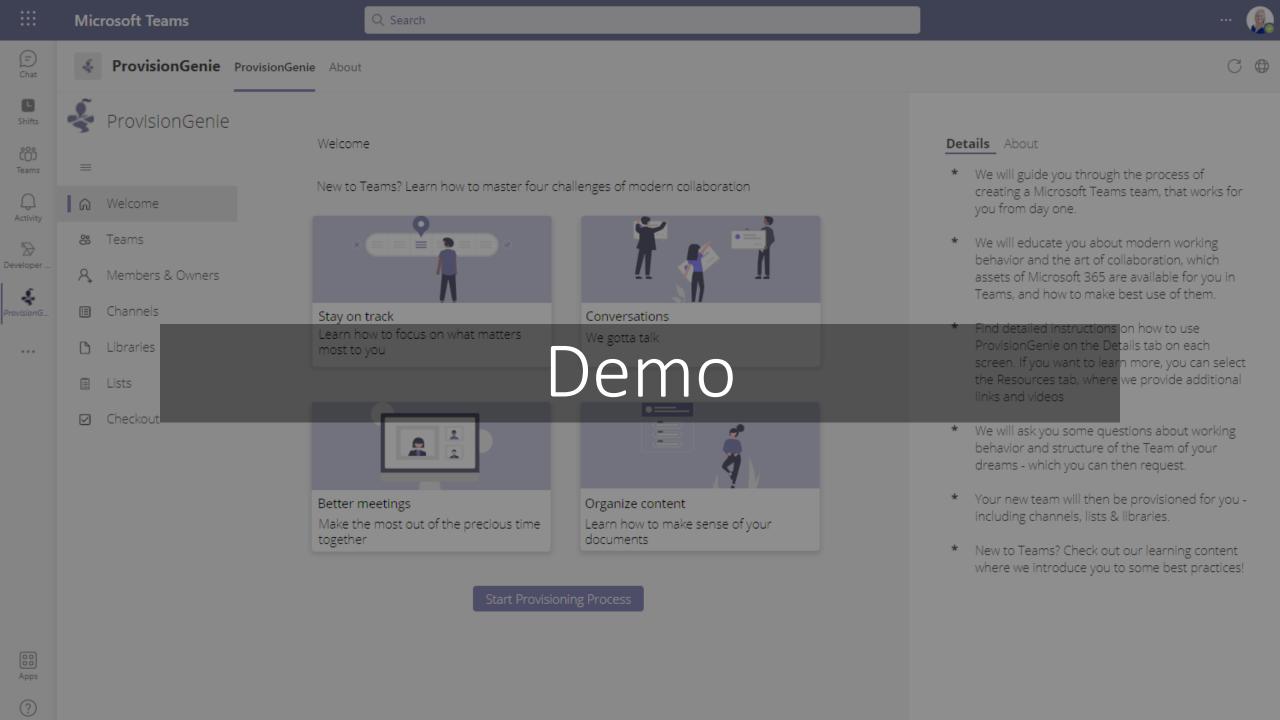

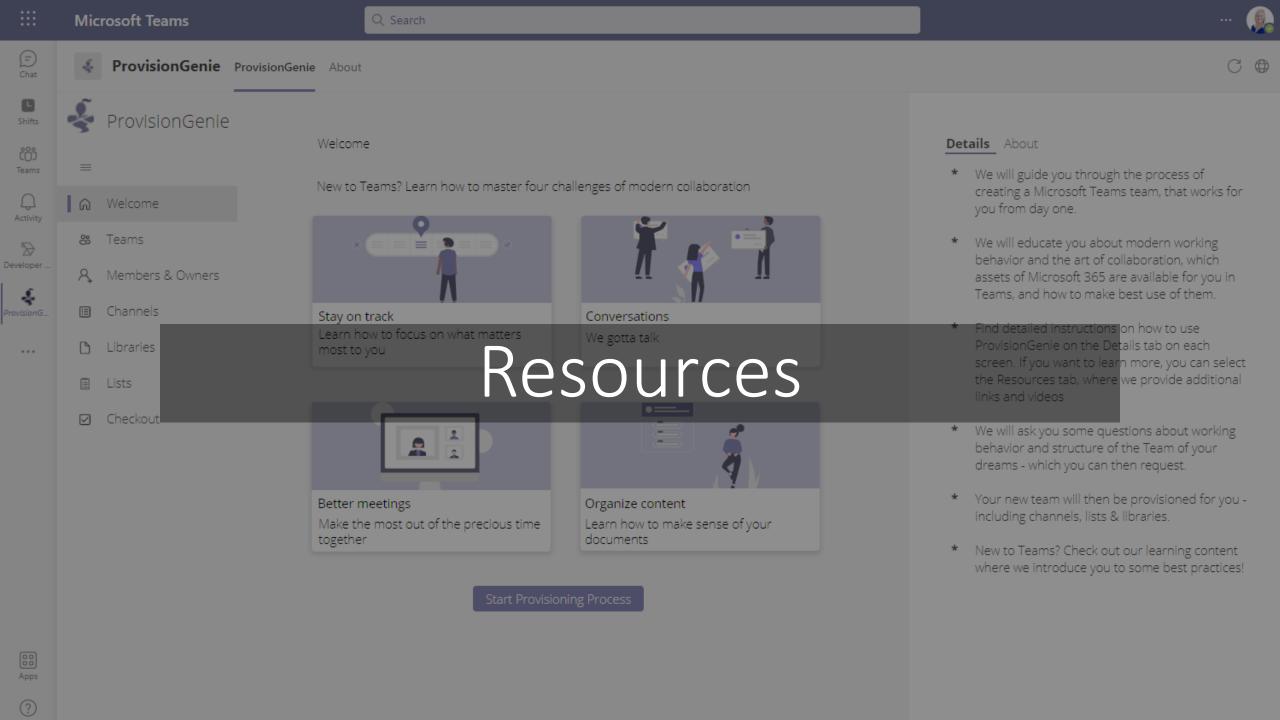

# Microsoft Teams Ul Kit

v 2.2

#### Resources to help you get started

- Designing your app with UI templates Teams | Microsoft Docs
- Microsoft Teams UI Kit Figma
- <u>Illustrations</u> | <u>unDraw</u> (for simple, clean illustrations)
- Blogpost on <u>digipersonal.com</u>
- HTML Text control & css for amazing effects
